(To be handled in Government Code)

I am telling Your Excellency this for your own information only.

I believe that I will win out in the long run in these negotiations, and I will fight to the end. I will do my very best with infinite patience and then leave the outcome up to God Almighty. However, I must tell you the following:

1. As I told you in a number of messages, the policy of the American Government in the Pacific is to stop any further moves on our part either southward or northward. With every economic weapon at their command, they have attempted to achieve this objective, and now they are contriving by every possible means to prepare for actual warfare.

2. In short, they are making every military and every other kind of preparation to prevent us from a thrust northward or a thrust southward; they are conspiring most actively with the nations concerned and rather than yield on this fundamental political policy of theirs in which they believe so firmly, they would not hesitate, I am sure, to fight us. It is not their intention, I know, to repeat such a thing as the Munich conference which took place several years ago and which turned out to be such a failure. Already I think the apex of German victories has been passed. Soviet resistance persists, and the possibility of a separate peace has receded, and hereafter this trend will be more and more in evidence.

3. The United States is sealing over-friendlier relations with China, and insofar as possible she is assisting CHILANG. For the sake of peace in the Pacific, the United States would not favor us at the sacrifice of China. Therefore, the China problem might become the stumbling block to the pacification of the Pacific and as a result the possibility of the United States and Japan ever making up might vanish.

4. There is also the question of whether the officials of the Japanese Government are typing up very intimately with the Axis or not. We are regarded as having a very flexible policy, ready, nevertheless, in any case, to stab the United States right in the back. Lately the newspapers are writing in a manner to show how gradually we are typing up closer and closer with the Axis.

5. If we carry out a venture southward for the sake of our existence and our lives, it naturally follows that we will have to fight England and the United States, and chances are also great that the Soviet will participate. Furthermore, among the neutral nations, those of Central America are already the puppets of the United States, and as for those of South America, whether they like it or not, they are dependent for their economic existence on the United States and must maintain a neutrality partial thereto.

6. It is inevitable that this war will be long, and this little victory or that little victory, or this little defeat or that little defeat do not amount to much, and it is not hard to see that whoever can hold out till the end will be the victor.

7. It is true that the United States is gradually getting in deeper and deeper in the Atlantic, but this is merely a sort of convoy warfare, and as things now stand she might at any moment transfer her main strength to the Pacific.

#---

For your Honor's own information.

1. I have read your #1090^a, and you may be sure that you have all my gratitude for the efforts you have put forth, but the fate of our Empire hangs by the slender thread of a few days, so please fight harder than you ever did before.

2. What you say in the last paragraph of your message is, of course, so and I have given it already the fullest consideration, but I have only to refer you to the fundamental policy laid down in my #725.^b Will you please try to realize what that means. In your opinion we ought to wait and see what turn the war takes and remain patient. However, I am awfully sorry to say that the situation renders this out of the question. I set the deadline for the solution of these negotiations in my #736,^c and there will be no change. Please try to understand that. You see how short the time is; therefore, do not allow the United States to sidetrack us and delay the negotiations any further. Press them for a solution on the basis of our proposals, and do your best to bring about an immediate solution.

- b - S.I.S. #24330 in which TOGO says that conditions both within and without the Japanese Empire will not permit any further delay in reaching a settlement with the United States.
- c - S.I.S. #24373 in which TOGO says that it is absolutely necessary that all arrangements for the signing of this agreement be completed by the 25th of this month.
